Dear Stan,

I wish to express my appreciation, as well as that of the faculty and student body of the Naval Postgraduate School, for your participation in the spring commencement exercises last week. Your provocative comments stressing the importance of strong leadership and advanced education in today's Navy were exceptionally well received and they carried a meaningful and useful message to students, faculty, and guests. You have made this a graduation we will remember for a long time.

I also want to thank you for giving us the opportunity to update you on a few of our current concerns and activities at the Naval Postgraduate School.

Again, thank you for playing such an important part in honoring our graduating class. I hope we will have the pleasure of welcoming you and Pat to Monterey again in the near future.

Sincerely,

T. F. DEDMAN

Several faculty members have told me that they considered your graduation address the best they had ever heard at NPS. Love!
